Your wedding day is special to you and will be treated as such by me. The day will be one of the happiest of your life and I look forward to providing you with a photographic record that you will treasure for years to come.

I offer a high quality professional service and have over 25 years experience in all aspects of photography. My photography can be in both traditional and creative styles and can be tailored to meet your personal requirements. The pictures can be formal or very natural and relaxed. They can be produced in colour, black and white or sepia or a mixture of all three to create interest and diversity in your completed wedding album.

I aim to tell a story of your wedding and can include pictures taken at the bride's home, at the church or wedding venue and at the reception; I can also include pictures taken on the beach or at other agreed scenic locations.

As all weddings differ I find it advantageous to meet with the bride and groom, I offer a free local consultation to discuss your individual requirements to ensure that the photography on the day is undertaken in an efficient and professional manner, making your wedding day fun and relaxed.

I offer a range of services to meet your needs. Photographs taken on the day will be available on a CD for you to show family and friends and from which you can make your selection for your wedding album.

Examples of my work can be viewed on my web site.

www.davidcostelloephotography.co.uk

I hope I can be of service to you and I look forward to hearing from you.

Yours sincerely

D Costelloe
